

Careers in Energy Week

THE MICHIGAN ENERGY WORKFORCE DEVELOPMENT CONSORTIUM is pleased to announce that Governor Snyder has declared the week of October 15 to be Careers In Energy Week. We are so much more than pipes and wires. Click to see the variety of career opportunities at [DTE Energy](#) and [Consumers Energy](#).

GET YOUR STUDENTS INVOLVED

HOW CAN A PHOTO = A DRONE?

Ask your high school students to show us how they are getting into energy at home or at school by posting a photo using **#GetIntoEnergyMichigan** on social media. Consumers Energy will be choosing drone winners from the photos tagged on **Instagram** and DTE Energy will be choosing drone winners from the photos tagged on **Twitter**.

Visit their social media pages for full rules. The winners' school will also receive a \$500 cash prize to assist in educating Michigan's future utility workforce.
